

For over 160 years, SCHIESS has stood for precision, reliability, and technical excellence at its Aschersleben location. As a subsidiary of the globally active AGC GROUP, SCHIESS Werkzeugmaschinenfabrik GmbH develops and manufactures XXL-format portal milling machines, vertical lathes, boring mills, and grinding machines, meeting the highest demands of industrial projects worldwide.

To strengthen our team in Aschersleben, we are currently seeking:

## **Electrician/Electrical Installer (m/f/d)**

### **Your Profile:**

- Completed vocational training as an electrical installer, electrician, or equivalent qualification
- Several years of professional experience
- Familiarity with Siemens 840D SL control systems is a plus
- Independent, precise work ethic with strong technical aptitude
